Nursery Newsletter - June
Focus – Growing

What we are getting up to in Nursery!

Over the coming weeks, the children will be exploring how seeds grow into flowers, fruits, and vegetables. Through hands-on planting activities, observations, and discussions, they will learn about the life cycle of plants and what they need to grow healthy and strong.

Activities in Nursery

- Planting flower, fruit, and vegetable seeds
- Learning about the different parts of a plant
- Comparing how different plants grow
- Exploring what happens when plants do or do not receive what they need to survive

These are the books we will be focusing on during June.

Dates to remember:

18th June - Class Photo

19th and 26th June

Transition morning in Reception 9-10am

Nursery Transition 9-10am

As the nicer weather is on its way and it is getting warmer can you please send in a bottle of sun lotion with your child's name on.

Unfortunately we have limited shade in our playground and get the sun all day so its important I have sun lotion to reapply during the day.

DONATIONS NEEDED!!

Do any parents have any planters they could donate to Nursery.

We are wanting to plant and grow some different flowers and vegetables.

We have managed to collect a few which are outside nursery but any old ones you may have hanging around your garden would be greatly appreciated!

Important Reminders

- **On some afternoon we will be going on a 'Welly Walk' in the local environment to do some outdoor learning in nature. Please ensure your child has wellies and a suitable coat in school! PLEASE MAKE SURE YOUR CHILD HAS SPARE SOCKS AND TROUSERS we often get wet even with welly suits on!**
- **Can you make sure your child ALWAYS brings a water bottle to Nursery as its important to keep hydrated during the day.**
- **Its really helpful if your child has a book bag these can be purchased through the gateway app.**
