Nursery Newsletter - May
Focus – Bugs and Insects

What we are getting up to in Nursery!

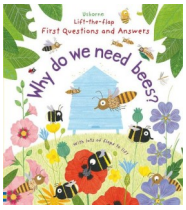
Nursery children will dive into the world of bugs and insects, reading a mix of fiction and non fictions books.

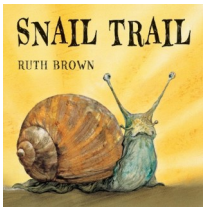
They will explore the outdoors, discovering the different habitats where insects live.

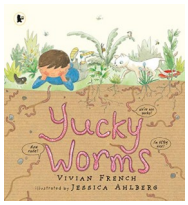
Children will get the opportunity to develop and broaden their vocabulary through a range of activities and experiences based on insects

We will explore art by using insects and bugs as our inspiration, experimenting with different materials and techniques.

These are the books we will be focusing on during May.







Dates to remember:

7th May PM—Book start visiting

14th May—EYFS school trip

22nd May—finish for half term

As the nicer weather is on its way and it is getting warmer can you please send in a bottle of sun lotion with your child's name on.

Unfortunately we have limited shade in our playground and get the sun all day so its important I have sun lotion to reapply during the day.

DONATIONS NEEDED!!

Do any parents have any planters they could donate to Nursery.

We are wanting to plant and grow some different flowers and vegetables.

We have managed to collect a few which are outside nursery but any old ones you may have hanging around your garden would be greatly appreciated!

Important Reminders

- **On some afternoon we will be going on a 'Welly Walk' in the local environment to do some outdoor learning in nature. Please ensure your child has wellies and a suitable coat in school! PLEASE MAKE SURE YOUR CHILD HAS SPARE SOCKS AND TROUSERS we often get wet even with welly suits on!**
- **Can you make sure your child brings a water bottle to Nursery as its important to keep hydrated during the day.**
- **Its really helpful if your child has a book bag these can be purchased through the gateway app.**
